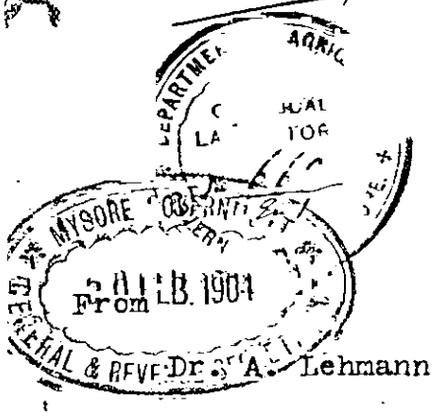
Spur HC 1376.



Office of the Agricultural Chemist,
Government of Mysore,
Bangalore, February 19th 1904.

Gen-Jur 242 /03

From Dr. A. Lehmann, M.A., B.S.A., Ph.D.,
Agricultural Chemist to the Government of
His Highness the Maharaja of Mysore,

To

L. Anantasami Rao Esquire, B.A.,
Officiating Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments,
Bangalore.

Dear sir,

I have the honour to request you to kindly ask Government to reappropriate ₹s. 1600 from the head " 21 Scientific & Minor Departments, 6 Department of Agricultural Chemistry, 9 Experimental Farm" to the Head " 21 Scientific & Minor Departments 6 Department of Agricultural Chemistry, 10 Apparatus, Chemicals and Books". The grant for Apparatus, Chemicals & Books is practically exhausted and I urgently require and have ordered Apparatus & Chemicals to the value of Mks. 1857.55 equal to about ₹s. 1393. The freight and forwarding charges on these goods is likely to be about ₹s. 200, total ₹s. 1593. The reason the budget estimate has to be overdrawn is that for the past years the requirements of the department have been greater than the Budget grant, and that as a result all the stocks have run down lower & lower from year to year.

I should be grateful if this reappropriation could be made before I leave for Canada, so that I could adjust the acee counts before Mr. Wetherell take

Reappropriation Statement enclosed.

I have the honour to be,
Dear sir,
Your most obedient servant,

A Lehmann

Agricultural Chemist.
